

**That countdown is real.
You just started it.**

YOUR WINDOW · RUNNING NOW

The second you typed your password, the clock began.

**It only runs forward. There is no
pause button.**

THE DEAL

**Here is what
you unlocked.**

Work through your roadmap.

Hit three checkpoints. Inside 72 hours.

The checkpoints are not ~~tests~~.

EACH CHECKPOINT

Asks you one thing.

One question.

Thirty seconds. That is the whole ask.

**Did we nail where you are
actually stuck?**

Read it back to us.

Honestly. It is feedback, not a grade.

Nailed it

You missed

If we missed, say so.

That is how this gets sharper.

**The next person through
gets a better version.**

Because you did.

**You are helping someone
you will never meet.**

WHY 72 HOURS

Why not a week?

Give it longer

and you forget.

Give it less

and life gets in the way.

72 hours is the honest sweet spot.

**Do it, and you have
proven something.**

Not to us. To yourself.

That you are an action-taker.

And those are the people this works for.

WHAT YOU GET

Here is your reward.

THE REWARD

A done-for-you ad.

In ~~pipeline~~?

Closed. Money in the door.

WE BUILD IT FOR YOU, ON TWO CONDITIONS
