You're on the path now.

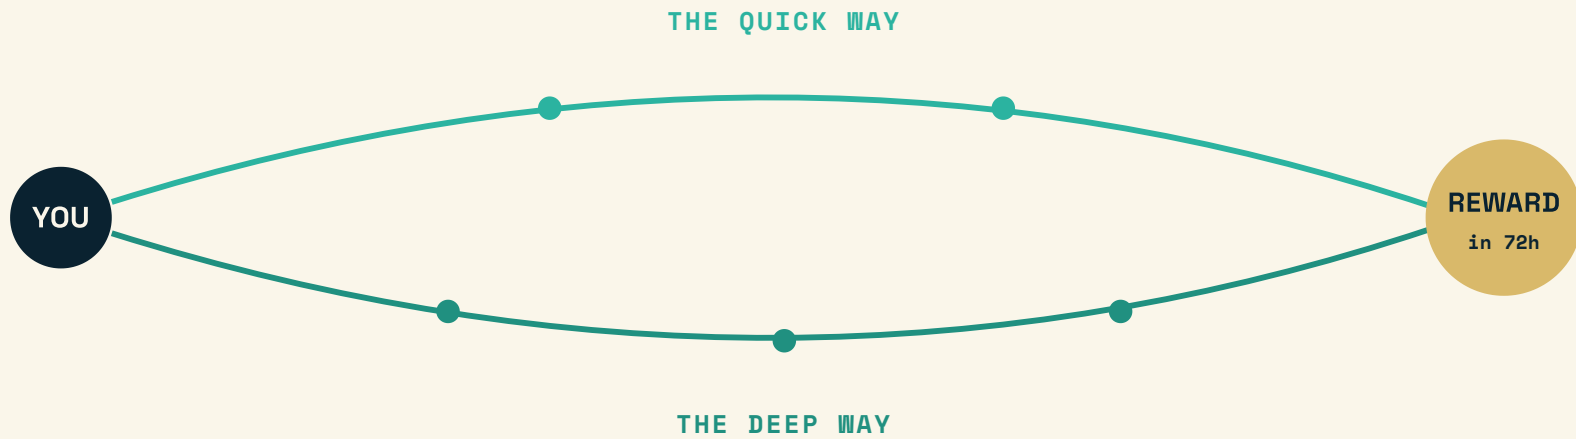

Whether you meant to be or not.

FIRST, A CHOICE

Two ways through this.

Pick the one that fits your time, energy, and attention right now.

THE QUICK WAY

Short on time?

The condensed version. The core of how to solve your problem, and get to the outcome you came for.

THE DEEP WAY

Got the space?

The full roadmap. Every move, in order, for when you have the time, energy, and attention to go all in.

**We won't judge you
on your situation.**

You know it better than we do. Choose.

**Genuinely slammed? Take the quick way.
You still get the fix.**

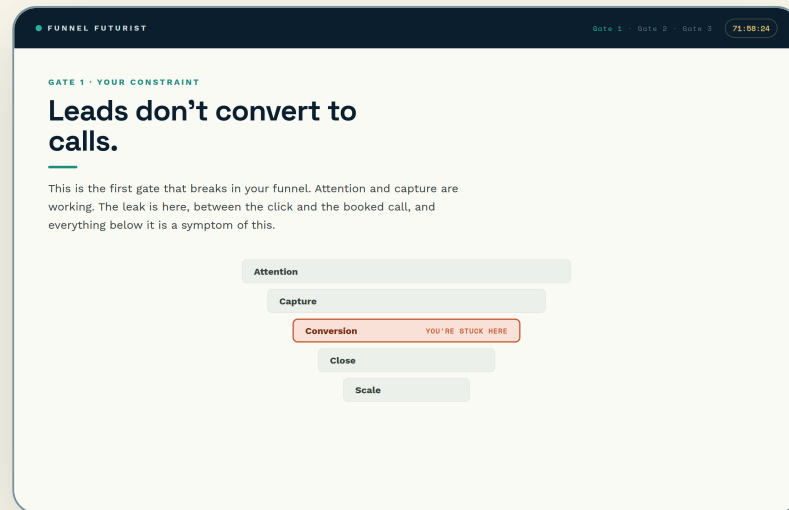

EITHER PATH

Three gates.

GATE ONE

Understand the problem.

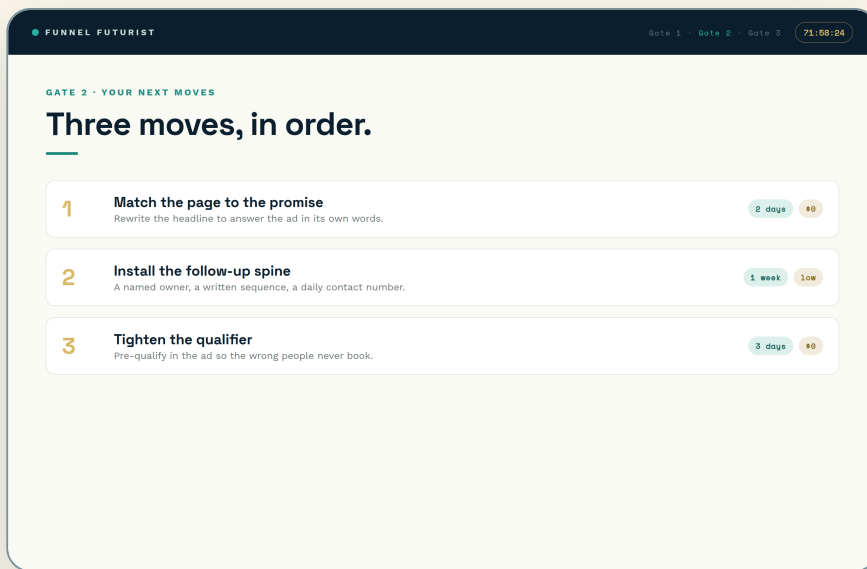

Your constraint, named. The real one,
not the symptom.

GATE TWO

Understand the solution.

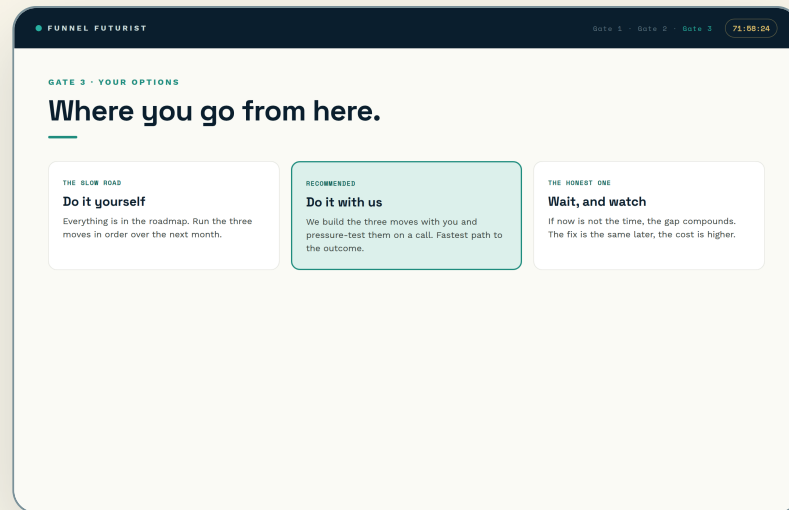

The moves that fix it, in the order they actually work.

GATE THREE

See your path forward.

Your next steps, your real options, and the honest alternatives.

Pass all three inside your 72 hours.

WHY BOTHER

Because these
moves get results.
